 Toorak, Victoria
 @isaaclummis

I am a Melbourne based costume designer with a passion for period costume and the theatrical. I trained as a maker & textile artist, so I have an in depth understanding of garment construction and textile manipulation techniques. Having a maker's background allows me to communicate my ideas effectively and efficiently to the various wardrobe artisans and technicians. I am a very hands-on designer; I like to be present in the workroom as I believe that a lot of great design decisions come about organically from the collaboration between designer and crafts people. I am also a very organised person with an eye for detail and the ability to tackle large complicated projects.

Costume Designer
